Michael,

Thank you for your e-mail. Yes, we recently made our final funding decisions for FY19/20. We appreciate all of the proposals that CARB submitted, and we're happy to let you know that we will be able to fund the projects listed below. Unfortunately, due to limited funding, we're not able to support all the projects CARB proposed. Additionally, FYI, we are providing 105 funds to SDAPCD and ICAPCD for ongoing and some new border projects. We can provide that information if that would be helpful as well.

Meanwhile, please go ahead and prepare your grant documents. Angie Latigue, your CARB grants project officer, is included on this email.

Finally, as a reminder, Laura Lawrence is now the coordinator for EPA's Border air quality program. She can be reached at lawrence.laura@epa.gov or 415.972.3407. I have also copied her on this email.

Please let me know if you have any questions.

Thanks for your and your staff's collaboration and all your efforts to reduce emissions at our Border communities.

Saludos,
Amy

Hi Amy,

Have you been able to make any decisions about which CARB proposals Region 9 might be able to support for FY2020-2021? Our administrative group is asking for a list of approved projects by this Wednesday (July 3) for inclusion in a 105 grant package they will be submitting to USEPA July 12.

Thanks,
Michael

Hi Amy

The attached list has been prioritized. When do you think we will know about the money or the projects?

Hi Sylvia,

This includes a wide variety of projects. Are they listed in priority order? If not, could you please do so?

Thanks!

Amy

Hi Amy

Thanks for giving us an extra. Attached is a list of draft border project ideas. We realize that not all of these will be funded. If you have any questions, please give me a call.

No. But we don't have endless funds ☺ Please call Christine or me if you'd like to discuss ideas.

Is there a cap on the amount of funding per project?

Hi Sylvia,

As always, we will be adding the Border tasks to CARB's overall 105 workplan. Thus, we would like to get your requests as soon as possible, but no later than May 6. We don't need lengthy workplans at this stage. Rather, a description of the project, approximate time frame and budget.

I am copying Christine Vineyard (interim border coordinator) and Angela Latigue (CARB 105 grant project officer).

Please feel free to contact me or Christine to discuss any ideas or questions you may have.

Thanks,

Amy
